

Shaping Your Family's Future

SHAPING YOUR FAMILY'S FUTURE PULPIT ANNOUNCEMENT

You attended premarital counseling before you got married, but what can you do to prepare for parenting?

Our church is excited to offer a special 6-session group study for new and expectant parents called *Shaping Your Family's Future*. Rather than a how-to book for child-rearing, this group study helps parents take a look at themselves and their family histories to discover patterns they want to keep as well as patterns to break. This foundational study helps families establish a solid basis for a healthy family.

Whether you are expecting your first child or have several small children, whether you are a married or single parent, you are invited to join us.

Registration begins on _____(dates)_____ and groups will begin meeting at _____(location)_____ on _____(dates)_____. Sign up at _____(location)_____ by ___(deadline)_____. See _____(name)_____ for more details.
